Certification Officer  
Date signed and effective December 31, 2009

As of December 31, 2009 this list supersedes all previous lists for this certificate number. Vermont Certification is based in part upon current New York Accreditation Certificate(s) of Approval, Lab ID number 11892, serial numbers 40494 and 40459, expiring April 1, 2010. Laboratories are certified in Vermont based, in part, upon its Primary Accrediting Authority(ies) drinking water accreditation. Also, loss of drinking water primary accreditation (in part or whole) constitutes loss of certification in Vermont for the same drinking water tests.
